

Why do so many Ketamine and TMS clinics struggle to get results with their ads — even when there's obvious demand?

There's only 1 way to actually grow a clinic offering ketamine, tms, Spravato or psychedelic therapy in 2025. In the next 60 seconds, you'll find out what it is

**A Ketamine clinic I spoke with was paying \$412 per lead — and had no idea it was a disaster.**

*Here's exactly why that happened — and how to make sure it never happens to you.*

If you're offering Ketamine, Spravato or TMS in your clinic and you've been burned by agencies before, this video will explain why it happened

**The U.S. Ketamine clinic market is projected to double by 2030 — from \$3.4 billion to nearly \$7 billion.** Clinics are growing. Demand is exploding.

**'So why are you still struggling to get patients?**

This video will show you exactly why — and what to do instead.

**The U.S. Ketamine clinic market is growing 10.6% per year.**

There's more demand than ever.

So if your ads aren't working — it's not the market.

**It's you or your agency's fault.**

**In the next 60 seconds I'll show you how to fix it**
